# 2nd INTERNATIONAL CONFERENCE ON ARCHITECTURE & DESIGN

## AIMS AND OBJECTIVES

Provide international scientific forum for exchange of new ideas in a number of multidisciplinary fields of architecture and design that interact in-depth through discussions with the colleagues from around the world. Both inward research -core areas of architecture- and outward research -multi-disciplinary and inter- disciplinary on architecture and design- will be covered during the event.

Provide the ideal opportunity to bring together professors, researchers, graduate and post-graduate students of different disciplines, discuss new issues, and discover the most recent development in architecture and design.
